Galicia...

...the windswept corner of northwestern Spain lies on the Atlantic Ocean!

It's the "Celtic region" of the country, where the geographic imprint is reflected in its extraordinary gastronomy. Specialties of Galicia are well-known in Spain as well as outside the country. Not surprisingly, their pastries and bread, whose recipes have been passed on for generations, are still enjoyed even today.

A perfect location for the Intensive Bakery/Pastry workshops!

!BIENVENIDOS!

Do you enjoy baking, and would like to take your hobby with you during your holidays?

During the Intensive Bakery/Pastry workshops you'll have the extraordinary opportunity to get to know and bake typical Galician and Spanish pastries and bread during our four day workshop.

"I liked the workshop a lot. The instructor was very competent but then also humorous. We've learned a lot in just a short time, however I would be happy to participate in an advanced workshop."

Baking and More

Also, outside the bakery, you can expect a diverse program such as a visit to an historic watermill, wine-tasting, Galician and Portuguese gastronomy, rafting, swimming/surfing in the Atlantic ocean....
